Please attach this Form to the Lotterywest Grant Application Form.

Project applications may be submitted at any time during the year, unless the project relates to one of the following grant rounds:

- **Trails**

Where the project relates to a grant round, applicants are required to complete and submit the relevant Additional Information Form and Lotterywest Application Form by the relevant deadline. Check the **Grant Round Diary** on the Lotterywest website or call us for details.

Whilst the information provided in this Additional Information Form should be kept brief, particularly if your project request is \$15,000 or less, it should provide sufficient indication that the proposal is likely to meet the relevant criteria (as listed in the appropriate Grants Information Package).

Please contact a member of the Lotterywest grants team for further information or to discuss ideas for a project grant.

PROJECT MONITORING AND EVALUATION

11. Checking your progress and evaluating the project.

Lotterywest recognises the importance of monitoring and evaluation and encourages applicants to develop an evaluation proposal appropriate to the project. For example, if your project is small we do not expect a major evaluation.

Outline how you will monitor the progress of your project and evaluate and document what is achieved, and what you have learnt. This may include external input throughout the life of the project. We also encourage you to share your learning with your community and others who may be interested. Make sure your project budget factors in necessary costs to undertake effective evaluation.
