

## **Playing Lotterywest Games in WA means our players and community are the big winners**

*15 January 2016*

With the international Lotto jackpot this week, Lotterywest CEO Paul Andrew highlights the benefits of playing Lotterywest Games.

- Lotterywest is the original provider of lottery games for Western Australian players.
- When you play Lotterywest Games you are supporting the Western Australian community through Lotterywest Grants with 34 cents of every dollar being directed to the community. In 2014/15 this amounted to \$283 million.
- WA broke Lotto records in 2015 producing 99 Division 1 Lotto winners who shared in \$263 million. Overall last year, more than 16 million WA winners shared in almost \$477 million worth of prizes across all our Lotterywest Games including Lotto and Scratch'n'Win.
- Western Australians playing Lotterywest Games are contributing to the prize reserve fund which means we can maintain the prizes for our games at levels that are attractive to players.
- When playing locally and purchasing games directly from Lotterywest, Western Australians do not incur any additional costs or loadings.

Other operators including Lottoland and OZ Lotteries are international or interstate companies that are not associated with Lotterywest.

"Western Australia is the big winner in our lottery with 1,113 direct grants given last financial year," Mr Andrew said.

Examples of key Lotterywest Grants given recently include:

- **\$800,000 for Emergency Relief**  
These grants supported people in immediate financial crisis across 78 communities through its network of members and volunteers. Lotterywest provides emergency relief grants to a range of agencies and not-for-profit groups across WA to assist individuals and families in times of crisis. Typically this relief is in the form of food vouchers; help with immediate accommodation and utility costs and critical transport needs.
- **\$5.7 million to St Vincent De Paul Society (WA) Incorporated**
